ENERGIE

More is more!

A young and light aesthetic contrasting minimalist trends to give birth to a new style in the name of warm, happiness and positive vibes! A collection embracing eclectic and vibrant styles, maximalist textures and all that brings attention to pure colour to let your environments shine bright and offer an extremely stimulating space to those who live in from an aesthetic, psychological and energetical point of view. Through a deep study on colours, Cristiana Masi plans and realizes a mix of chromatic scales moving among dense vegetations, pop flowers and modern geometries: a collection reinterpreting relaxing and calming priorities of green, enhancing magic and elegance of violet and blue, emphasizing creativity and positivity of orange and yellow. Have fun, plan and colour your house with our wallpapers. The funniest side?

Mixing colours in contrast creating your personal style!
